

We offer a wide range of option parts to maximize the speed and performance of the Savage. Visit our website for a complete list of parts at [www.hpiracing.com](http://www.hpiracing.com)

**86826 Savage Series Alloy Gear Diff Set (Pre-assembled)**  
Stronger, more durable, allowing you to install more powerful engines with confidence. Note: this is a standard part on the RTR Savage X 4.6.

**86827 Savage Series Alloy Diff Case**  
Stronger, more durable, allowing you to install more powerful engines with confidence. Note: this is a standard part on the Savage X 4.6 SS.

**86140 Heat Sink Engine Mount**  
Helps cool your engine and looks great!

**74115 HPI Fuel Bottle (500cc)**  
This high capacity fuel bottle holds half of a quart of nitro so you can spend more time driving and less time refilling your fuel bottle. It's made from translucent polyethylene for durability.

**Z189 Air Filter Oil (Spray type)**  
Keeping your air filter clean and oiled is essential for engine protection. The convenient 4oz spray can is perfect for pit boxes and features a precision nozzle for easy application.

**308 Savage X Battery Level Indicator**  
The battery level indicator will give you instant information as to your vehicle's battery status. The battery level indicator should only be used with hump back battery packs.

**87193 4 Bevel Gear Conversion Set**  
**87194 Replacement Shaft for 4 bevel gear diff 4X27mm (4pcs)**  
The extra gears decrease the stress on the drivetrain for longer life and less maintenance.

**86274 Light Weight Drive Gear (32T)**  
**86275 Light Weight Idle Gear (29T)**  
Lighter rotating weight makes for quicker accelerations and improved performance. (Not compatible with 3 speed)

**93585 Titanium Turnbuckle**  
Lighter and more durable material. Decreases total kit weight while improving durability and performance!

**87150 Dual Disc Brake Set**  
**86146 Replacement Brake Pads**  
Greatly increases the stopping power of your kit, ideal for doing trick "endos" or just stopping on a dime.

**86922 Machined Heavy Duty Bevel Gear 43T/13T set**  
These gears are precision machined to HPI factory specs from high strength steel for a significant boost in durability and drivetrain strength!

**85066 Adjustable Upper Arm Set**  
Allows you to fine tune the camber angles of your wheels to suit different terrain.

**86257 Adjustable Upper Arm Set (Purple Aluminum)**  
**87164 Replacement Bushings**  
Allows you to fine tune the camber angles of your wheels to suit different terrain. Stronger and stiffer materials.

**86251 Aluminum Upright Set (Purple)**  
**87161 Replacement Bushings**  
Stiffer and stronger material in a cool purple anodized color!

**86256 Aluminum Lower Suspension Arm (Purple)**  
**87163 Replacement Bushings**  
Stiffer and stronger material in a cool purple anodized color!

**86254 Aluminum C-Hub (Purple)**  
**87162 Replacement Bushings**  
Stiffer and stronger material in a cool purple anodized color!

**86346 Aluminum Fuel Tank Mount**  
Precision machined from billet aluminum and anodized in "HPI Purple," for a custom look while adding strength and durability.

**86386 Aluminum Joint Bar (Purple/2pcs)**  
Increases chassis rigidity for extra durability, alloy construction provides additional cooling for the engine.

**85068 Safety Engine Stop System**  
Designed to make shutting off the nitro engine safe and easy.

**86269 Universal Dogbone 8x87mm (Center Front)**  
**86270 Universal Dogbone 8x93mm (Center Rear)**  
Improves the efficiency and strength of your drivetrain!

**3188 Mag-8 Wheel Matte Chrome (83X56mm/2pcs)**  
Sold in pairs, these classic 8-hole wheels are molded from tough nylon and feature 17mm hex hubs for extra durability.

**86156 Heavy Duty Suspension Shafts**  
Adds strength and durability to your suspension.

**86136 Aluminum Drive Gear (18-23T)**  
Lighter rotating weight makes for quicker acceleration and improved performance. (Not compatible with 3 speed)

**86278 Heavy Duty Diff. Shaft**  
Extra hard material for added strength and durability!

**86276 Heavy Duty Cup Joint (6x13x20mm)**  
**86277 Heavy Duty Cup Joint (8x14x19mm)**

**86142 Aluminum Hex Wheel Hub (14mm)**  
Tough aluminum for extra durability. Maintains the sharp edge shape to properly hold the wheel in place.

**87153 3 Piece clutch set**  
**87151 Replacement shoes and springs**  
3 piece clutch set to replace the original Savage 21 clutch sets. Added performance by providing a more positive clutch response!

**2012 Hump Battery Pack for Receiver (6v 1200mAh/Ni-MH)**  
Rechargeable Ni-MH pack for longer run times, quicker steering and more powerful brakes.

**74151 HPI Racing Temp Gun**  
Our team drivers use it as a serious diagnostic tool to tune their nitro engines and electric motors for maximum performance.

**92550 HPI Carrying Bag**  
Features ball bearing-equipped heavy duty wheels, movable padded internal compartments, hook and loop straps, and extended metal handle makes this the ultimate Savage carrying bag!
