

We offer a wide range of option parts to maximize the speed and performance of the E-Savage. Visit our website for a complete list of parts at www.hpiracing.com

344 Cooling Fan Set For GT Speed Controller
This bolt on fan set is easy to install and provides active cooling for the heat sink to keep temperatures at a safe level even in hot climates or during heavy duty driving.

348 Cooling Fan Spare Parts Set
HPI now offers a Cooling Fan Spare Parts Set for the GT Speed Controller found on the E-Savage truck. The spare parts include a chrome plated protective grill, 4 nylon stand-off spacers, and 4 screws.

82055 Aluminum Threaded Shock Set (98-145mm/E-Savage)
The aluminum threaded shock bodies allow fine tuning of the height of the truck to help match the suspension to track conditions.

86951 Pro Silicone Shock Oil 10wt (60cc)
86953 Pro Silicone Shock Oil 20wt (60cc)
86955 Pro Silicone Shock Oil 30wt (60cc)
86957 Pro Silicone Shock Oil 40wt (60cc)
86959 Pro Silicone Shock Oil 50wt (60cc)
High quality 100% pure silicone shock oil resists the effects of temperature changes better than petroleum based oils, meaning more consistent shock dampening throughout the day.

86925 17mm Hex Hub Set For E-savage (4pcs w/lock nuts)
17mm hex hubs are stronger and resist stripping compared to 14mm hex hubs. They are highly recommended for E-Savages with modified motors and high voltage batteries.

73117 TVP Chassis Graphite (E-Savage/2.5mm)
Carbon Fiber Chassis plates are stiffer, stronger and more responsive than the stock aluminum chassis plates. And, they're lighter for a better power to weight ratio for quicker acceleration.

82052 Super Flame Main Chassis Set (7075/ Gun Metal)
The thick 7075-series CNC-machined aluminium chassis plates provide the extra bit of stiffness you've been searching for!

82054 Super Flame Main Chassis Set (7075/ Silver)
The thick 7075-series CNC-machined aluminium chassis plates provide the extra bit of stiffness you've been searching for!

82053 Super Flame Main Chassis Set (7075/ Purple)
The thick 7075-series CNC-machined aluminium chassis plates provide the extra bit of stiffness you've been searching for!

82034 Pinion Gear 17T
82035 Pinion Gear 18T
82036 Pinion Gear 19T
82037 Pinion Gear 20T
82038 Pinion Gear 21T
82039 Pinion Gear 22T

4874 Dirt Claws Tire B Compound (145x84mm / 2pcs)
These "Dirt Claws" tires are a must have for any Savage owner racing on low traction surfaces. Designed to take on the toughest offroad track conditions and can be used on-road as well.

4892 Aggressors Tire S Compound (139x74mm / 2pcs)
These fantastic Aggressors Tires are the standard tires on the HPI Hellfire, ensuring performance at its highest standards. Soft compound rubber for maximum traction.

4860 Dirt Bonz Tire S Compound (57x50mm 2.2in / 2pcs)
These tires deliver quicker acceleration, more traction and sharper cornering. Each package contains a pair of sticky S compound tires and a pair of high performance inner foams.

7165 Hummer H2 body

92550 HPI Carrying Bag
The HPI carrying bag features ball bearing equipped heavy duty wheels, moveable padded internal compartments, hook and loop straps to hold your truck in place and multiple carrying handles.
