

We offer a wide range of option parts to maximize the speed and performance of the Nitro MT 2 G3.0. Visit our website for a complete list of parts at www.hpracing.com

73948 Super Chassis 2.5mm (7075S / Gun Metal)

The Super Chassis is machined from a thick 2.5mm plate of aerospace quality 7075S aluminium, delivering increased chassis strength and rigidity for extreme driving conditions.

72215 Gear Diff Adjustment Spring Set (Medium, Firm, Stiff)

Three springs are included to adjust how much the planetary diff gears engage, giving you control over the amount of traction or slip you have at either the front or rear of your vehicle.

88055 Aluminum Wide Hex Hub 12x24mm (Purple)

These easy to install machined aluminum hex hubs increase the total width by 24mm, giving the MT 2 G3.0 better traction around tight turns!

A844 Fiber Brake Disc

Delivers increased stopping power and less brake fade during long races. The heavy duty fiber disc can easily handle the extra load, and it's thicker than stock for extended life.

6286 Shaft 3x47mm (2 pcs)
6290 Shaft 3x35mm (2 pcs)

Upgrade the strength and durability of the MT 2 G3.0 with these easy to install stainless steel hinge pins!

72227 Titanium Turnbuckle Set

Allows fine tuning of camber settings. Titanium parts are stronger and lighter than the steel versions.

A718 Aluminum Threaded Super Shocks (70-103mm)

Stronger and smoother shocks for increased durability and more consistent suspension performance.

A710 Aluminum Threaded Super Shocks (77-117mm)

Stronger and smoother shocks for increased durability and more consistent suspension performance.

86290 Sway Bar Set

Improves the stability and performance of your chassis. Includes front and rear with 3 levels of stiffness.

86301 HPI Universal Joint (Front)
86302 HPI Universal Joint (Rear)

The ultimate upgrade for increased smoothness, efficiency, and durability in your drivetrain.

86300 Aluminum Hex Hub Clamp Type 12mm (Purple/4pcs)

Aluminum clamp hubs are stiffer and more durable than the stock plastic parts, which delivers a more consistent mounting point for the wheels.

77103 Racing Clutch Bell 13 tooth
77104 Racing Clutch Bell 14 tooth
77105 Racing Clutch Bell 15 tooth
77106 Racing Clutch Bell 16 tooth
77107 Racing Clutch Bell 17 tooth
77108 Racing Clutch Bell 18 tooth
77109 Racing Clutch Bell 19 tooth

Machined holes help keep the weight down for quick acceleration, and the holes also help keep the clutch shoes cooler for consistent performance.

A988 Heavy-duty Clutch Bell 13 tooth
A989 Heavy-duty Clutch Bell 14 tooth
A991 Heavy-duty Clutch Bell 16 tooth
A992 Heavy-duty Clutch Bell 17 tooth
A993 Heavy-duty Clutch Bell 18 tooth
A994 Heavy-duty Clutch Bell 19 tooth

Because these clutch bells are machined from a single piece of high-strength steel, they are much stronger than standard two-piece clutch bells.

86336 Heavy-Duty Final Gear Set (P1x38T/P1x13T)

Precision machined from special heat treated steel for a significant increase in drivetrain strength and extended maintenance intervals.

86312 Heavy-Duty Diff Shaft 5x26x7mm (Silver/2pcs)
86313 Heavy-Duty Gear Shaft 5x38x7mm (Silver)

High strength steel and chrome plated for extra durability.

86314 Heavy-Duty Cup Joint 7x19mm (Silver)

86315 Heavy-Duty Cup Joint 7x19mm (Silver/D Cut)

High strength steel and chrome plated for extra durability.

86162 Exhaust Header/Black/Short (Rear Exhaust Engine/U Shape)

86163 Exhaust Header/Black/Long (Rear Exhaust Engine/L Shape)

Performance header for rear exhaust engines.

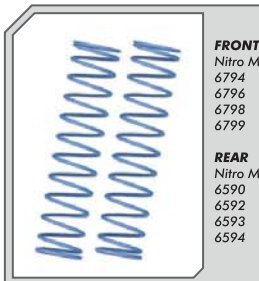

86161 MT 2 Aluminum Tuned Pipe

Now you can have power, strength and BLING in one shiny package. Designed to bring more power to the table and polished for great looks. This pipe fits the existing header.

3090 Dish Wheel White 3091 Dish Wheel Black 3092 Dish Wheel Yellow

For all-out racing, bashing or crawling, dish wheels deliver optimum stiffness and slick aerodynamics. The weight of the Dish Wheel is the perfect blend of minimal rotational mass for maximum speed while providing strength to withstand hard landings. The slick aero design also prevents dirt from getting into the wheels during heavy side-load braking.

FRONT

Nitro MT 2 Front Springs

- 6794 Yellow 13x70x1.1mm 15 Coils (Soft)
- 6796 Black 13x70 x1.1mm 14 Coils (Medium)
- 6798 Blue 13x70 x1.1mm 13 Coils (Hard)
- 6799 Purple 13x70 x1.1mm 12 Coils (Super Hard)

REAR

Nitro MT 2 Rear Springs (Not for original Nitro MT)

- 6590 Yellow 14x80x1.1mm 17 Coils (Soft)
- 6592 Black 14x80x1.1mm 16 Coils (Medium)
- 6593 Blue 14x80x1.1mm 15 Coils (Firm)
- 6594 Purple 14x80x1.1mm 14 Coils (Super Firm)

4410 Ground Assault Tire D Compound (2.2in/2pcs)
4411 Ground Assault Tire S Compound (2.2in/2pcs)

Featuring a modern tread design for racing on hard-packed dusty surfaces and a sticky yet durable compound.

Customize your MT 2 with these additional colors for the Spike wheels!

- 3080 Spike Truck Wheels White
- 3081 Spike Truck Wheels Black
- 3082 Spike Truck Wheels Shiny Chrome
- 3083 Spike Truck Wheels Matte Chrome
- 3084 Spike Truck Wheels Black Chrome

7761 Nitro MT-1 Truck Painted Body (Blu/Wht/Gry)

Precut, predecated, preprinted, ready to go option body!

7130 Dirt Force Clear Body

This bodyshell is loaded with detail and molded in crystal clear polycarbonate materials so you can add your own custom paint job.

2012 Hump Battery Pack for Receiver (6v 1200mAh/Ni-MH)

Rechargeable Ni-MH pack for longer run times.

1502 Glow Plug Med R3
1503 Glow Plug Med Cold R4
1504 Glow Plug Cold R5

74318 HPI Power Fuel 20% (1 quart)
74320 HPI Power Fuel 30% (1 quart)
74348 HPI Power Fuel 20% (1 gallon)
74350 HPI Power Fuel 30% (1 gallon)
Specially blended fuel for optimum engine performance and protection.
