

We offer a wide range of option parts to maximize the speed and performance of the Nitro MT 2 18SS+. Visit our website for a complete list of parts at [www.hpiracing.com](http://www.hpiracing.com)

73948 Super Chassis 2.5mm (7075S / Gun Metal)

The Super Chassis is machined from a thick 2.5mm plate of aerospace quality 7075S aluminium, delivering increased chassis strength and rigidity for extreme driving conditions.

86161 MT 2 Aluminum Tuned Pipe

Now you can have power, strength and BLING in one shiny package. Designed to bring more power to the table and polished for great looks. This pipe fits the existing header.

A844 Fiber Brake Disc

Delivers increased stopping power and less brake fade during long races. The heavy duty fiber disc can easily handle the extra load, and it's thicker than stock for extended life.

86290 Sway Bar Set

Improves the stability and performance of your chassis. Includes front and rear with 3 levels of stiffness.

77103 Racing Clutch Bell 13 tooth  
77104 Racing Clutch Bell 14 tooth  
77105 Racing Clutch Bell 15 tooth  
77106 Racing Clutch Bell 16 tooth  
77107 Racing Clutch Bell 17 tooth  
77108 Racing Clutch Bell 18 tooth  
77109 Racing Clutch Bell 19 tooth

Machined holes help keep the weight down for quick acceleration, and the holes also help keep the clutch shoes cooler for consistent performance.

72227 Titanium Turnbuckle Set

Allows fine tuning of camber settings. Titanium parts are stronger and lighter than the steel versions.

A718 Aluminum Threaded Super Shocks (70-103mm)

Stronger and smoother shocks for increased durability and more consistent suspension performance.

A710 Aluminum Threaded Super Shocks (77-117mm)

Stronger and smoother shocks for increased durability and more consistent suspension performance.

Z189 Air Filter Oil (Spray type)

Keeping your air filter clean and oiled is essential for engine protection. The convenient 4oz spray can is perfect for pit boxes and features a precision nozzle for easy application.

74115 HPI Fuel Bottle (500cc)

This high capacity fuel bottle holds half of a quart of nitro so you can spend more time driving and less time refilling your fuel bottle. It's made from translucent polyethylene for durability.

72215 Gear Diff Adjustment Springs (Med, Firm, Stiff)

Use this set of springs to adjust and fine-tune the gear diff of your car for different track conditions.

87191 Nitro Racing Clutch

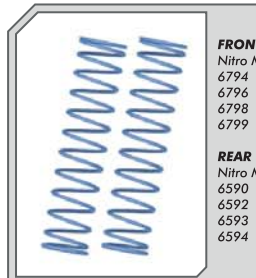

The clutch has three adjustment holes so racers can choose the best setting for high or low traction racing surfaces, and change the range of RPMs that the clutch engages the clutchbell gear.

A925 Lightweight Flywheel 40mm (For Pull Start engines. Use with stock engine mounts or A915. Requires A804 Brass Collet)

A926 Lightweight Flywheel 32mm (For Non-Pull Start engines. Must be used with A920)

A801 Flywheel (Machined Aluminum)  
A804 Brass Collet 7 x 5mm

### FRONT

Nitro MT 2 Front Springs  
6794 Yellow 13x70x1.1mm 15 Coils (Soft)  
6796 Black 13x70 x1.1mm 14 Coils (Medium)  
6798 Blue 13x70 x1.1mm 13 Coils (Hard)  
6799 Purple 13x70 x1.1mm 12 Coils (Super Hard)

### REAR

Nitro MT 2 Rear Springs (Not for original Nitro MT)  
6590 Yellow 14x80x1.1mm 17 Coils (Soft)  
6592 Black 14x80x1.1mm 16 Coils (Medium)  
6593 Blue 14x80x1.1mm 15 Coils (Firm)  
6594 Purple 14x80x1.1mm 14 Coils (Super Firm)

4410 Ground Assault Tire D Compound (2.2in/2pcs)

Featuring a modern tread design for racing on hard-packed dusty surfaces and a sticky yet durable compound.

4860 Dirt Bonz Tire S Compound (57x50mm 2.2in / 2pcs)

These tires deliver quicker acceleration, more traction and sharper cornering. Each package contains a pair of sticky S compound tires and a pair of high performance inner foams.

4456 Geolandar MT Tire S Compound

Made from our sticky S Compound rubber, these tires will grip almost any terrain! Our new Yokohama Geolandar M/T Tire will fit all 2.2" 1/10 scale truck wheels. Packaged in pairs.

3090 Dish Wheel White 3091 Dish Wheel Black 3092 Dish Wheel Yellow

For all-out racing, bashing or crawling, dish wheels deliver optimum stiffness and slick aerodynamics. The weight of the Dish Wheel is the perfect blend of minimal rotational mass for maximum speed while providing strength to withstand hard landings. The slick aero design also prevents dirt from getting into the wheels during heavy side-load braking.

7759 Nitro MT-1 Truck Body Precut/Prepainted/Predecated (Orange/Yellow/Black)

Customize the look of your MT 2 by adding one of our prepainted bodies!

7760 Nitro MT-1 Truck Body Precut/Prepainted/Predecated (Red/White/Grey)

Customize the look of your MT 2 by adding one of our prepainted bodies!

7761 Nitro MT-1 Truck Body Precut/Prepainted/Predecated (Blue/White/Grey)

Customize the look of your MT 2 by adding one of our prepainted bodies!

Customize your MT 2 with these additional colors for the Spike wheels!

3080	Spike Truck Wheels	White
3081	Spike Truck Wheels	Black
3082	Spike Truck Wheels	Shiny Chrome
3083	Spike Truck Wheels	Matte Chrome
3084	Spike Truck Wheels	Black Chrome

74151 HPI Racing Temp Gun

Our team drivers use it as a serious diagnostic tool to tune their nitro engines and electric motors for maximum performance.

Titanium TP Binder Head Screw  
Titanium TP Flat Head Screw

Z056 (3 x 8mm) Z066 (3 x 8mm)  
Z057 (3 x 10mm) Z068 (3 x 12mm)  
Z058 (3 x 12mm) Z069 (3 x 15mm)  
Z059 (3 x 15mm) Z070 (3 x 18mm)  
Z060 (3 x 18mm)

Lighter weight to reduce overall kit weight and increase performance.

2012 Hump Battery Pack for Receiver (6v 1200mAh/Ni-MH)

Rechargeable Ni-MH pack for longer run times.

1502 Glow Plug Med R3  
1503 Glow Plug Med Cold R4  
1504 Glow Plug Cold R5

74318 HPI Power Fuel 20% (1 quart)  
74320 HPI Power Fuel 30% (1 quart)  
74348 HPI Power Fuel 20% (1 gallon)  
74350 HPI Power Fuel 30% (1 gallon)  
Specially blended fuel for optimum engine performance and protection.
