

We offer a wide range of option parts to maximize the speed and performance of the E-Firestorm 10T. Visit our website for a complete list of parts at www.hpiracing.com

WARP
brushless motor

100419 Flux Warp 5700Kv brushless motor
Use with Flux Motiv brushless ESC

- High torque / high temperature neodymium magnet.
- Oversized precision sealed bearings.
- 2.3mm 1/8" hardened steel shaft.
- Slotless stator design delivers smooth, linear torque.
- Triple insulated windings for long life.
- Highest efficiency motors in class (> 85% efficient).
- Compatible with any Sensorless ESC.

motiv
brushless electronic speed controller

100416 Flux Motiv brushless ESC
Use with FLUX WARP brushless motor

- 6-7 Cell NiMH / NiCd or 2 Cell Lithium Polymer.
- 70A* Continuous / 380A burst current.
- Ultra low resistance (.0007 ohms / phase).
- Sensorless technology eliminates additional sensor wiring and complexity.
- High performance cross-cut aluminum heat sink.
- Smooth startup and run with sensorless motors.

FLUX
brushless system

1151 Flux Brushless System

Includes Warp 5700Kv brushless motor and Motiv ESC.

86831 Aluminum Front Suspension Arm Mount

Machined from strong aluminum and hard anodized for extra strength and great looks.

86832 Aluminum Front Arm Brace

Machined from strong aluminum and hard anodized for extra strength and great looks

87256 Aluminum Rear Hub Carrier Set (0 Degree)

The perfect upgrade for racers, you can now increase the durability of your Firestorm with this set of Aluminum Rear Hub Carriers!

87251 Aluminum Threaded Shock Set (67-87mm/2pcs)

Tough, precision-machined anodized aluminum for increased durability. Aluminum preload collars for fast and easy ride height adjustment.

87252 Aluminum Threaded Shock Set (70-103mm/2pcs)

Tough, precision-machined anodized aluminum for increased durability. Aluminum preload collars for fast and easy ride height adjustment.

Tune your Firestorm for performance! These tuning springs allow you to get the performance you need, and are perfectly matched for the Firestorm 10T.

- 86912 13x57x1.1mm 10coils (3.6lb, Red)
- 86913 13x57x1.1mm 11coils (3.3lb, White)
- 86914 13x57x1.1mm 12coils (3.0lb, Pink)
- 86915 13x57x1.1mm 13coils (2.7lb, Silver)
- 86916 13x57x1.1mm 14.5coils (2.4lb, Blue)

Prep your Firestorm for the roughest conditions with a full set of Titanium Nitride Suspension and Shock Shafts! Titanium nitride coatings help prevent corrosion and substantially improve the smoothness of the shafts, helping you reduce your maintenance times as well as the lifetime of the shafts!

- 86842 Titanium Nitride Coated Shock Shaft 3x50mm (2pcs)
- 86843 Titanium Nitride Coated Shock Shaft 3x58mm (2pcs)
- 86844 Titanium Nitride Steering Post 3x23mm (2pcs)
- 86845 Titanium Nitride Coated Suspension Shaft 3x32mm (2pcs)
- 86846 Titanium Nitride Coated Suspension Shaft 3x27mm (2pcs)
- 86847 Titanium Nitride Coated Suspension Shaft 3x54mm (2pcs)
- 86848 Titanium Nitride Coated Suspension Shaft 3x33mm (2pcs)

86837 Aluminum Threaded Shock Body (67-87mm/2pcs)

86838 Aluminum Threaded Shock Body (70-103mm/2pcs)

Precision machined from high quality aluminum and hard anodized to a tough and ultra fine finish, these shock bodies will smooth out any jump you throw at your Firestorm!

86839 Aluminum Preload Collar 13mm (4 sets)

86840 Aluminum Shock Cap (2pcs)

86841 Aluminum Bottom Shock Cap (2pcs)

Machined from strong aluminum and anodized for great looks.

6918 Pinion Gear 18 Tooth (48 Pitch)

6919 Pinion Gear 19 Tooth (48 Pitch)

6920 Pinion Gear 20 Tooth (48 Pitch)

86951 Pro Silicone Shock Oil 10wt (60cc)

86953 Pro Silicone Shock Oil 20wt (60cc)

86955 Pro Silicone Shock Oil 30wt (60cc)

86957 Pro Silicone Shock Oil 40wt (60cc)

86959 Pro Silicone Shock Oil 50wt (60cc)

High quality 100% pure silicone shock oil resists the effects of temperature changes better than petroleum based oils, the benefit for racers is more consistent shock dampening throughout the day. Packaged in convenient 60cc bottles and clearly marked weights for easy identification in your pit box. Perfect for most oil filled RC shocks.

93485 Titanium Turnbuckle M3x69mm (2pcs)

Made from Grade 5 Titanium, these turnbuckles save critical weight and are sized to fit the front & rear camber links, and they can also be used as steering links.

4457 Sand Runner Tire D Compound (2.2in/102x53mm/Front)

The perfect front tire for running your 2WD truck in the sand. Use them in conjunction with HPI Sand Thrower paddle rear tires for maximum sand roosting performance.

4412 Sand Thrower Tire D Compound (2.2in/102x53mm/Rear)

Take any 2.2-inch wheel equipped vehicle to the dunes and throw huge roosts of sand just like the real sand rails. You can also run them in loose dirt and even in the mud!

Made from high impact nylon for durability, these wheels are tough, light, strong, and fit 12mm hex hubs that are popular on many cars and trucks. The 2.2 inch diameter allows you to choose from a huge assortment of tires.

- 3060 Classic King Wheel (White 2.2in 2pcs)
- 3061 Classic King Wheel (Black 2.2in 2pcs)
- 3062 Classic King Wheel (Chrome 2.2in 2pcs)

4454 Front Line 2.2 S-Compound (2.2in/102x53mm/2pcs)

The Front Line tires are offered in sticky S-Compound rubber (4454) for extra steering response, and D-Compound (4453 - kit spec) for slightly less steering and extra tire life.

4411 Ground Assault Tire S Compound (2.2in/102x53mm/2pcs)

The Front Line tires are offered in sticky S-Compound rubber (4454) for extra steering response, and D-Compound (4453 - kit spec) for slightly less steering and extra tire life.

4860 Dirt Bonz Tire S Compound (57x50mm 2.2in / 2pcs)

Each package contains a pair of sticky S compound molded rubber tires and a pair of high performance inner.
