

E FIRESTORM 1/10 FLUX

BRUSHLESS ELECTRIC POWERED 2WD STADIUM TRUCK

BRUSHLESS POWER.

REQUIRED MAINTENANCE: ZERO

E FIRESTORM FLUX

BRUSHLESS SPEED, FIRESTORM TOUGH!

Check out HPI's first-ever brushless motor equipped 2WD 1/10th scale stadium truck, the E-Firestorm FLUX! The E-Firestorm Flux takes the durable electric Firestorm platform to the next level with amazing performance from no-maintenance brushless motor technology. The new Flux Brushless system includes a powerful Flux Warp brushless motor that is controlled by the Flux Motiv electronic speed control for high speeds, maximum fun and insane top speeds!

The E-Firestorm Flux is ready to go right out of the box, with a pre-painted bodyshell, glued tires, and complete factory assembly! All you have to supply is your own NiMH or LiPo battery pack and 8 AA batteries for the radio, and experience the extreme power, fun and efficiency of brushless technology!

» SILICONE OIL-FILLED SHOCKS

Highest performance and more consistent action in extreme temperatures.

» BULLET-PROOF DESIGN

Steel dogbones, aluminum motor plate, metal tranny gears, beefy suspension arms and more add up to one extremely tough truck!

» DURABLE LOW-PROFILE 2.61 RATIO ALL METAL GEAR TRANNY

Extremely durable and capable of handling very powerful motors.

MOTIV ESC brushless electronic speed controller

6-12 Cell NiMH/ NiCd or 2s/3s Cell Lithium Polymer compatible**
Programmable Lithium under-voltage cutoff protects delicate Lithium packs from over-discharge.

**ESC must be programmed for Lithium cutoff when using Lithium batteries. NOTE: 1.1v 3s LiPo not for use with 5700kv motor.

WARP brushless motor

WARP 5700KV BRUSHLESS MOTOR

#10553 - E-FIRESTORM FLUX
W/ WARP 5700KV BRUSHLESS MOTOR AND MOTIV ESC
